

# 9th Iranian Joint Congress on Fuzzy and Intelligent Systems (CFIS2022)

March 2-4, 2022, Higher Education Complex of Bam

---

## Conference Announcement, No. 1

It is going to be announced to all researchers who are interested in the fields related to fuzzy and intelligent systems, as well as swarm intelligence and evolutionary computation, that the Higher Education Complex of Bam will be hosted the **9th Iranian Joint Congress on Fuzzy and Intelligent Systems**, in cooperation with the **Iranian Fuzzy Systems Society** and the **Intelligent Systems of Scientific Society of Iran** on **March 2-4, 2022**. This Congress consists of the following conferences:

### **20th Iranian Fuzzy Systems Conference, 18th Iranian Intelligent Systems Conference and 5th Conference on Swarm Intelligence and Evolutionary Computation**

Providing a suitable platform for presenting the latest research conducted in the mentioned fields and increasing the scientific connection and cross-disciplinary collaboration are among the objectives of this scientific event. The topics of the Congress are as follows:

- ✚ Fuzzy Mathematics and Fuzzy Logic
- ✚ Statistics and probability in fuzzy environment
- ✚ Optimization and decision making in fuzzy environment
- ✚ Machine vision and image processing
- ✚ Soft Computing
- ✚ Artificial intelligence
- ✚ Computational intelligence
- ✚ Data mining
- ✚ Fuzzy systems in engineering
- ✚ Fuzzy systems in agricultural sciences
- ✚ Fuzzy systems in economics and management
- ✚ Fuzzy systems in the humanities
- ✚ Bioinformatics
- ✚ Medical sciences and fuzzy systems

Terms and conditions for registration and article submission will be announced further on the Congress website.
