

# 9th Iranian Joint Congress on Fuzzy and Intelligent Systems (CFIS2022)

March 2-4, 2022, Higher Education Complex of Bam

## Conference Announcement, No. 2

It is going to be announced that the 9th Iranian Joint Congress on Fuzzy and Intelligent Systems, which consists of three conferences; **20th Iranian Fuzzy Systems Conference**, **18th Iranian Intelligent Systems Conference**, and **5th Conference on Swarm Intelligence and Evolutionary Computation**, is going to be hosted by Higher Education Complex of Bam on March 2-4, 2022, in cooperation with the Iranian Fuzzy and Intelligent Systems of Scientific Societies. Providing a suitable platform for presenting the latest research conducted in the mentioned fields and increasing the scientific connection and cross-disciplinary collaboration are among the aims of this scientific event.

### Call for Paper Submission

In this congress, academic expertise and industry experts will come together to contribute to the developments and advances in the field of fuzzy and intelligent systems, swarm intelligence, and evolutionary computation. Theoretical and applied papers and research in Persian and English will be welcomed in this scientific event. Selected articles will be introduced to the scientific journals which have been notified on the congress website. Discussing and exchanging ideas in this forum would rely on keynote speeches, special sessions, workshops, and poster presentations. Indexing the accepted papers in IEEE explore databases and ISC is being seriously pursued as in the previous congress procedures. Only electronic submission of articles will be accepted. Papers must be submitted in Docx or LaTeX and PDF format via the user profile on the congress website.

### The main Topics of the Congress:

- Artificial intelligence
- Bioinformatics
- Computational intelligence
- Data mining
- Fuzzy Mathematics and Fuzzy Logic
- Fuzzy systems and medical sciences
- Fuzzy systems in agricultural sciences
- Fuzzy systems in economics and management
- Fuzzy systems in engineering
- Fuzzy systems in the humanities
- Machine vision and image processing
- Optimization and decision making in fuzzy environment
- Soft Computing
- Statistics and probability in fuzzy environment

### Important dates:

Congress Date: **March 2-4, 2022**

Deadline for Submitting Articles: **November 6, 2021**

Review Results Announcement: **December 6, 2021**

Deadline for Registration: **December 26, 2021**

**Congress Website URL:** <http://cfis2022.bam.ac.ir/en/>

**Secretariat Email Address:** [cfis2022@bam.ac.ir](mailto:cfis2022@bam.ac.ir)

**Phone Call:** +983444210565

**Zip code:** 76613-14477

**Secretariat Address:** Higher Education Complex of Bam, Khalij-Fars Highway, Bam, Iran
